1. ABOUT US

Umati Property Developments is an integrated turnkey property developer, headquartered in Harare. Since our establishment in 2016, we have been designing, financing, building, and managing residential and commercial developments across Zimbabwe's fastest-growing urban nodes – delivering properties that are as investment-ready as they are beautifully built.

We do not simply build. We structure deals, mobilise capital, manage legal compliance, drive sales, and operate the finished asset – end to end, under one seamlessly integrated platform. This means every project we deliver is financially sound, legally clean, expertly marketed, and professionally managed from the moment the first brick is laid to the day keys are handed over and beyond.

OUR VISION

To be Zimbabwe's most trusted property development partner – setting benchmarks in quality, integrity, and sustainable community building across the nation.

OUR MISSION

To transform land into thriving communities by delivering turnkey developments that blend architectural excellence with financial resilience – uplifting neighbourhoods, securing investor confidence, and creating lasting value for all stakeholders.

Our Tagline

Redefine Lifestyles. Structure, Build, Manage. From Concept to Keys.

2. OUR INTEGRATED ECOSYSTEM

What makes Umati fundamentally different from other property developers in Zimbabwe is not just what we build – it is how we build it. Four strategically aligned entities work in concert on every project, creating a cohesive end-to-end platform that eliminates the gaps, delays, and conflicts of interest that arise when development, legal, financial, and sales functions are managed by separate, unaligned parties.

MATRIX REALTY – Registered Estate Agency

Sets tone on Marketing Plan, Drives off-plan sales, and delivers professional property management – ensuring strong occupancy and hard-currency rental performance for investors post-completion.

DENFORD BUSINESS ATTORNEYS – Real Estate Legal Specialists

Guides permitting, conveyancing, deal structuring, and Development compliance. Protects investor interests, safeguards governance, and ensures every title is clean and every transaction is legally bulletproof.

UMATI EQUITY – Private Equity & Investment Arm

Handles feasibility studies, deal structuring, and investment promotion. Secures flexible, bankable funding models and delivers transparent returns for institutional and private investors.

AGBAYE CONSULTING – Development Technical Consulting

Brings specialist technical expertise through strategic collaborations – supporting project design, planning, and execution to the highest professional standards.

This integrated model means one point of accountability, no handover gaps between parties, and a seamless journey from first inquiry to final title deed.

End-to-end integration delivers a measurable advantage: lower execution risk, faster project timelines, reduced transaction costs, and better returns for investors and homebuyers alike.

3. OUR BUSINESS MODEL

Delivering turnkey developments that blend secure investment value with modern lifestyle living. Our business model is anchored in a disciplined turnkey approach – managing every stage of development from concept to completion. We are selective in the projects we take on, choosing only those with the right fundamentals, the right location, and the right potential for lasting financial and community impact.

Deal Structuring

Identify high-potential land, conduct rigorous feasibility analysis, and structure each project for bankability and investor confidence before a single commitment is made.

Investor Mobilisation

Align projects with institutional and private investors through transparent, professionally prepared investment proposals. We present bankable deals, not speculative pitches.

Contracting & Execution

Apply rigorous project management, quality control, and contractual discipline to ensure on-time, on-specification delivery – every time.

Physical Delivery

Complete Developments that meet genuine market demand, set new benchmarks in design, security, and livability, and generate enduring value for owners and investors.

Post-Completion Management

Manage completed assets through Matrix Realty – leasing, occupancy management, and property maintenance – ensuring investment returns are sustained long after handover.

4. OUR TRACK RECORD

Since 2016, Umati has built and delivered more than 40 residential units across three completed gated estates in Harare's prime northern residential corridors. Each project has met market demand while setting new benchmarks in quality, security, and modern living. Our track record is not a claim – it is a body of completed, occupied, and appreciated assets.

6. INVESTMENT OPPORTUNITY

Zimbabwe Real Estate. USD-Denominated. Professionally Structured. Actively Managed.

Zimbabwe's residential property market – particularly Harare's northern suburbs – presents a compelling investment case grounded in structural undersupply, hard-currency pricing, and demonstrated capital appreciation. Umati provides the platform to access this market with professional oversight at every stage.

Why Invest in Zimbabwean Property Through Umati?

USD-Denominated Assets

All Umati developments are priced and contracted in US dollars, protecting your investment from currency volatility and ensuring returns are realisable in hard currency.

Capital Appreciation

Harare's prime northern suburbs have demonstrated consistent appreciation, driven by a structural undersupply of quality housing relative to sustained demand from professional and expatriate buyers.

Rental Yield

Professionally managed by Matrix Realty, completed Umati units generate competitive gross rental yields in hard currency – with tenants, leases, and remittances handled end to end.

Title Deed Security

Every acquisition is processed through Denford Business Attorneys, ensuring clean title registration at Zimbabwe's Deeds Registry. Your asset is legally protected and fully transferable.

Off-Plan Access

Investors who commit at the off-plan stage access below-market entry prices, with capital appreciation realised at completion – a proven strategy across all three of our completed estates.

Integrated Platform

One team. Legal, financial, construction, sales, and management under one roof. Your investment does not fall between conflicting parties.

How to Buy

Purchasing Zimbabwean property is a straightforward, secure process through Umati's integrated platform.

1. Register Interest – Contact us via WhatsApp (+263 773 098 491) or email. Our team sends you the project brochure, floor plans, and current pricing schedule within 24 hours.
2. Legal Documentation – Denford Business Attorneys handles all documentation remotely – sale agreement, due diligence, and transfer paperwork – including electronic signing where applicable.
3. Payment – International wire transfer is made directly to the conveyancer's designated trust account – fully regulated, receipted, and held securely.
4. Title Registration – Title registration is processed at Zimbabwe's Deeds Registry.
5. Property Management – Matrix Realty manages your property – marketing for tenants, executing leases, collecting rent, and remitting your returns in USD. You receive regular statements remotely.

7. WHY CHOOSE UMATI

Because results matter – we deliver projects that stand, returns that last, and trust that endures.

Proven Track Record

Our standard : 40+ units. 3 completed estates. Every project delivered, occupied, and appreciated.

For you : Our track record is on the ground, not on a brochure. Visit our completed estates. Speak to the homeowners.

Integrated Platform

Our standard : Legal, financial, sales, and management under one accountable structure.

For you : No gap between parties. No conflicting interests. One team, one standard, one outcome – yours.

Financial Discipline

Our standard : Every project feasibility-tested and USD-structured before launch.

For you : We only launch projects we can deliver. Your capital is not committed to speculation.

Quality Consistency

Our standard : Uncompromising build quality on every unit, in every estate, at every price point.

For you : Every detail. Every finish. Every structure – built to hold its value and attract quality tenants and buyers.

Selective Approach

Our standard : Fewer projects, each chosen with precision and executed with care.

For you : We measure success not by the number of developments we launch, but by the performance of each one – physically and financially.

Transparency & Trust

Our standard : Open communication with clients and investors throughout every project.

For you : You are never left wondering. Regular updates, clear financials, and honest communication – from deposit to delivery.

9. CAPABILITY STATEMENT

Proven in delivery, trusted for value – building Zimbabwe's future, one landmark at a time.

Umati Property Developments is a reputable, proven turnkey developer with a clear record of delivery from concept to completion. Our focus is on selecting the right opportunities, structuring them with meticulous financial and legal care, and executing them with precision to ensure both lasting physical quality and strong financial performance for every stakeholder.

This balance of vision and discipline has established Umati as a trusted name in Zimbabwean property development. We have built. We have delivered. And we have done so consistently – time and again, across residential estates in Harare's most sought-after suburbs, with a growing pipeline that extends our reach across Zimbabwe.

Our integrated platform – bringing together legal, financial, sales, and management expertise under one roof – is a structural competitive advantage that no single-function developer can replicate. It is what allows us to promise, and deliver, the complete experience: from the first feasibility study to the final key handover, and through every rental remittance thereafter.

Every project we touch is designed to perform – on the ground, and on the balance sheet. That is the Umati commitment, and it is the standard against which we invite every investor, homebuyer, and partner to hold us.
